(In Inch)

Indian kitchens are about cooking vegetables. Vegetables are used in all meals in a day. They end up occupying the key space in the kitchen. All housewives feel if they could store them neatly. The good old baskets are not designed to keep them. This vegetable basket is certainly the answer.

1. Completely safe for storing food products and Kitchen Utensils.
2. Enhances looks of your kitchen
3. Easy to use
4. High quality material
